

Learn how incorporating phonemic simplification into your treatment sessions can quickly and dramatically improve speech intelligibility.

Speaker

Nancy R. Kaufman, MA, CCC-SLP,

is the owner and Director of the Kaufman Children's Center for Speech, Language, Sensory-Motor, and Social Connections, Inc. located in West Bloomfield, MI. Since 1979, Nancy has dedicated herself to establishing the Kaufman Speech to Language Protocol (K-SLP), a treatment approach to help children become effective vocal communicators.

Nancy serves on the Professional Advisory Board of the Childhood Apraxia of Speech Association of North America (CASANA). She received the 2011 Distinguished Service Award from the Michigan Speech-Language-Hearing Association (MSHA), and she was the recipient of the 2010 Outstanding Alumni Award from Michigan State University College of Communication Arts & Sciences. The Kaufman Children's Center (KCC) received the Clinical Service Award from MSHA.

Nancy is the author of the *Kaufman Speech Praxis Test for Children*, the *Kaufman K-SLP Treatment Kits*, the *K-SLP Workout Book*, the *K-SLP Mutt Family Language Builder*, the *K-SLP Instructional DVD Set*, and co-author of *K&K Sign to Talk: Nouns & Verbs*. She lectures nationally and internationally on the subject of childhood apraxia of speech and other speech sound disorders in children. Many specialists in the field of applied verbal behavior (AVB) have adopted the K-SLP for children with autism spectrum disorders. Families from around the world travel to the KCC to participate in intensive and specialized therapy programs. Nancy received her B.A. at Michigan State University and M.A. at Wayne State University. Nancy has three grown children and resides with her husband in West Bloomfield, Michigan.

Speaker Disclosure:

Nancy Kaufman, Children Who Struggle To Speak, employed by The Kaufman Children's Center.

Financial — Nancy Kaufman is presenter of CE seminars sponsored by Northern Speech Services; receives speaking fees.

Financial — Nancy Kaufman is author of online CE courses sponsored by Northern Speech Services; receives royalty payments.

Financial — Nancy Kaufman is Owner and Director of Kaufman Children's Center for Speech, Language, Sensory-Motor, and Social Connections, Inc; ownership interests.

Financial — Nancy Kaufman is author of treatment materials published by Northern Speech Services; receives royalty payments.

Financial — Nancy Kaufman is author of treatment materials that are self-published; Northern Speech purchases and distributes these products.

Nonfinancial — Nancy Kaufman is on the Professional Advisory Board of the Childhood Apraxia of Speech Association of North America (CASANA); receives no compensation.

Seminar Description

UPDATED MATERIAL

Many children are unable to speak or are unintelligible because they either lack an adequate repertoire of consonants and vowels in isolation, or because they have difficulty combining the oral motor movements necessary to form words. Quite often the above deficiencies are rooted in the neurological condition of apraxia of speech. Due to the prevalence of this condition, it is important that early intervention clinicians be comfortable diagnosing and treating this population. In fact, ASHA has issued a position stating that the individual best able to diagnose and treat apraxia of speech in children is the SLP.

This clinical seminar will focus on evaluation and treatment. Introduced will be the key concepts of **phonemic simplification**, **successive word approximations** and **pivot syllables**, and how treatment interventions derived from these concepts have proven highly effective in increasing speech intelligibility in children with apraxia of speech and other speech sound disorders.

Functional and focused on interventions, actual treatment session video clips appear early and often throughout the lecture. The easy-to-incorporate methods, strategies and techniques presented will provide clinicians with the necessary tools to help children with apraxia of speech begin progressing immediately from a simple core vocabulary toward phrases and eventually to sentences and even conversational speech.

Content Disclosure: This presentation will focus exclusively on the *Kaufman Speech to Language Protocol*. Other treatment approaches will receive limited or no coverage during this lecture.

"A wealth of practical information presented in a lively and easy-to-understand manner!
One of the best courses I've attended!"

Seminar Objectives

At seminar conclusion, participants will be able to:

1. Describe a hierarchy of simple to complex motor-speech skills.
2. Utilize this hierarchy to evaluate children who have severe speech disorders.
3. Implement a specific treatment approach using phonological simplifications for children with apraxia of speech.
4. List apraxia treatment techniques to include shaping word approximations.
5. Analyze video clips to establish goals per this approach.
6. Understand and analyze a norm-referenced, standardized test which relates directly to this approach in order to identify this unique population of children.

Online **CEU COURSES**

NEW! After completing the Kaufman program consider:

.4 CEUs \$79.00 **#e64 Simultaneously Improve Speech Intelligibility, Enhance Phonological Awareness and Develop Language/Literacy Skills with Orthographic Instruction**
 by Keli Richmond, MS, CCC-SLP

- Explain why activation of the orthographic processor, combined with the subsequent synchronization of the orthographic processor with the other reading and writing processors within the brain, is critical for intelligible speech and successful literacy skills.
- Introduce the principles of orthographic instruction (printed cues). Emphasize the importance of early intervention with orthographic instruction.
 - Link improved speech intelligibility to the introduction of orthographic instruction.
 - Link enhanced phonological awareness to the introduction of orthographic instruction.
 - Link expanded language skills to the introduction of orthographic instruction.
 - Link development of literacy skills to the introduction of orthographic instruction.
- Discuss the versatile applications of orthographic instruction.
- Communicate effective activities that promote implementation of orthographic instruction in a fun and functional environment.

1 2 3 4 A systematic and progressive approach to shape and expand verbal communication

- 1 Kaufman Test identifies where the speech system is breaking down and points to a systematic course of treatment.
- 2 The Kaufman Treatment Kits match the levels used in the test allowing for a seamless transition to therapy.
- 3 Take the learned motor-speech gestures from Kit 1 and move quickly into expressive language development with Workout Book.
- 4 Reinforce motor-speech coordination learned in Kit 1 and the Workout Book to move beyond and teach language comprehension & more.

Locations

SPRINGFIELD, IL - Friday, October 2, 2015

St John's Hospital
 Bunn Auditorium
 800 E Carpenter St.
 Springfield, IL 62769

Phone: (217) 544-6464

Please use entrance for St. John's Children's Hospital, Carol Jo Vecchie Women and Children's Center. Stop at information desk for directions to Bunn auditorium.

Parking: Parking is free. Use parking lot at 9th and Carpenter.

CHICAGO, IL - Friday, October 16, 2015

Loyola University Hospital - Maywood
 Marcella Niehoff School of Nursing
 Room 0505
 2160 South First Avenue
 Maywood, IL 60153

Phone: 708-216-9101

Parking: Parking is available in the main hospital parking garage (Building A) on the west side of the main hospital building. There is a charge of \$5.00 for parking. The school of nursing is located just south of the parking garage to the west of the Stritch School of Medicine.

CINCINNATI, OH - Friday, September 18, 2015

Crowne Plaza Cincinnati Blue Ash
 5901 Pfeiffer Road
 Cincinnati, OH 45242
 Phone: 513-793-4500

Parking: Free

Tuition

\$199 Individual
 \$189* each for groups of 2+
 \$159* each for groups of 5+
 \$135 each parent (no CEUs)
 *Groups MUST register together

SPACE IS LIMITED AND REGISTRATION MUST BE CONFIRMED BY CREDIT CARD, CHECK OR PURCHASE ORDER. (Make check payable to NSS.)

"Excellent course!"

I will now be able to work these techniques into my therapy sessions with children with motor coordination difficulties."

Seminar Outline

7:30-7:50	Check In and Onsite Registration (Coffee and Tea)	12:15-1:45	More on Evaluations and Establishing IEP Goals
7:55-8:00	General Seminar Information	1:45-2:00	Break
8:00-8:30	Overview of the K-SLP	2:00-2:30	Cueing and Scripting Techniques To Move Into Functional Expressive Language
8:30-9:00	Shaping Successive Approximations, Word Simplifications and Implementation of Phonological Processes	2:30-3:00	More Treatment Techniques and Refinement & Integration Skills
9:00-9:30	Evidence-Based Practice: Research on the K-SLP Method	3:00-3:30	Special Populations To Include Autism Spectrum Disorders; Pre/Post Video Evidence of K-SLP Effectiveness
9:30-9:45	Break	3:30	Adjourn, Sign Out and Certificates
9:45-11:15	The 6 Steps of the K-SLP: Detailed Descriptions and Videos of Evaluation and Treatment Techniques		
11:15-12:15	Lunch (on your own)		

INTENDED AUDIENCE: Speech-Language Pathologists in clinical practice who evaluate and treat children ages 2-8 with speech & language disorders. Parents of children with apraxia of speech are also invited to attend, though the seminar retains a clinical focus.
LEVEL: Intermediate.

Accreditation

Northern Speech Services is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This program is offered for .6 CEUs (Intermediate level; Professional area).

More than 96% of past attendees would recommend this seminar to a colleague.
